

# HOW TO USE UNIT DOSE EYE DROPS

**1** Wash your hands. Open single dose unit by twisting and pulling the cap.

**2** Carefully pull down the lower eyelid to form a space between the eye and the eyelid.

**3** Gently squeeze a drop into the space between the eye and eyelid without touching the eye with the tip.

**4** Close the eye for 30 seconds whilst covering the puncta (inner corner of the eye). Finally open your eyes and blink a few times.

**5** Repeat instructions for the other eye if required. Wash your hands.
